

Here's What Hotel Will Probably Look Like

LONG-AWAITED EXTENSION to the Macdonald hotel has been assured with the federal cabinet's approval "in principle" of the project yesterday. The estimated cost of the project will be included in the CNR budget early next year. Two hundred rooms or more will be added

to the hotel with the new extension. This artist's drawing shows one of the two plans for the hotel, with the new addition on left. Cost of the extension will be \$3,500,000 to \$4,000,000.

'Mac' Hotel Addition Approved by Cabinet

INVASION REPORTED BY COSTA RICANS

SAN JOSE, Costa Rica, Dec. 11.—(BUP)—Provisional president Jose Figueres announced that forces opposed to his government invaded Costa Rica from Nicaragua today after sharp fighting at the border.

The invaders captured La Cruz, a town on the Costa Rican side of the border, Figueres reported. Two Costa Rican guards were reported wounded.

Figueres said the invading forces were supporting Rafael Angel Calderon Guardia, former president of Costa Rica.

Extension to Cost Over \$3 Millions

By Dick Jackson
Edmonton Bulletin Bureau

OTTAWA, Dec. 11.—Cabinet yesterday approved "in principle" construction of a 200-room or more extension to Edmonton's Macdonald hotel.

The long-sought and urgently-needed extension will cost an estimated \$3,500,000 to \$4,000,000 and will be included in the budget of the Canadian National Railways for the government-owned transportation system's new fiscal year.

By approving it "in principle" the cabinet underwrote the Dominion government support of the expenditure as part of the Canadian National budget.

It will be formally announced next week, probably jointly by Resources Minister James A. MacKinnon and Transport Minister Cheverly. Today there remained only the formality of securing a legal opinion from the justice department of a minor technicality before formal announcement could be made.

This CNR budget, with the estimated \$2,000,000 to \$4,000,000 Macdonald Hotel extension which will be part of it, will have to go through parliament, and will have to secure passage through both the House of Commons and the Senate.

Approval assured. But since the CNR budget was passed parliament with the support of the government it is assured approval.

Extension of the Macdonald Hotel in the railway budget, as good as the railway budget has green light for the project.

Cabinet approval for it yesterday was the payoff for months of work by Minister Minister James MacKinnon, with the support of the Edmonton Bulletin personally secured, one by one, each of his cabinet colleagues.

With him to cabinet yesterday he was the bulk of the deal with the Macdonald extension.

He went to cabinet with support of Transport Minister Cheverly and Trade Minister Howe.

Mr. Cheverly, the cabinet minister in charge of CNR affairs, will be in charge of the railway budget with its Macdonald extension.

Two Men Seriously Burned When Fire Destroys Store

Special to The Bulletin

ATHABASCA, Dec. 11.—A storekeeper's wife was killed and her husband and one other man seriously burned when an explosion and fire levelled a general store here Friday afternoon.

The storekeeper, Mrs. M. T. Cowan, about 35 years old, was killed.

M. T. Cowan, husband of the victim.

Patron of Prosperity. Victim in hospital for shock shortly after the explosion were W. Woytewich, of Coalgate, and David Cowan, 14, son of the storekeeper.

Body not recovered. Body of Mrs. Cowan had not been recovered from the burning ruins of the store early today at the heat kept searchers at a distance.

Tragic blast is believed to have resulted when a converted coal furnace in the basement of the store exploded with the blast.

Loss of the store and large stock of merchandise is estimated at about \$50,000.

OWNER IN CITY

E. Landa, 1204 122 street in Edmonton is owner of the store building destroyed.

There were six persons in the store when the explosion occurred.

Mrs. Cowan was talking to a customer, W. Woytewich, when the blast occurred. Both the woman and Woytewich were seriously injured.

Her pitiful cries for help could be heard for several minutes but then ceased. The entire building was an inferno of searing flame by then.

BLOWN THROUGH WALL

Cowan and Mrs. J. C. Coker, the latter a clerk, were blown through the wall by the terrific blast. Cowan was killed.

Bergen Shuns Million Bucks; Will Retire

ROLYWOOD, Dec. 11.—(AP)—The early as he'd turn down Charlie's plea for a dime boost to \$100,000.

He said his retirement from radio Dec. 30 will be at least eight months.

"I've had offers" the vacationing ventriloquist said in a telephone interview. "I've been offered more than \$100,000. But I'm going to get off in the distance a bit and look at radio for awhile."

"Any comedian needs fresh technique, fresh ideas, every so often. I do, I'm going to get it from personal appearance, from television, McCarthy, Mortimer and I won't be back on the radio before September."

The Duke and Duchess of Windsor were last reported on the French Riviera.

The King, who developed leg trouble in foggy London last month, is being treated for a circulatory ailment. He has, however, received Prime Minister Attlee and other ministers at his bedside.

He will be 53 years old next Tuesday. Wednesday his first grandson, Prince George, 14, to Princess Elizabeth and Prince Philip, will be christened at the Palace.

NAME POSSIBILITIES

The baby's names or those of his christening will not be officially announced until the day of the christening. However, it is expected that Earl Mountbatten, uncle of Prince Philip, will be a godfather.

The Duke of Gloucester, also mentioned, with Princess Margaret and the Princess Royal as godparents.

Choice of the baby's names will probably be limited to four, including George for the King, Philip for his father, Louis after Earl Mountbatten and Andrew, as a compliment to Scotland with which his grandmother, the Queen, is closely associated.

Ex-Civil Servant On Bribe Charge

OTTAWA, Dec. 11.—(CP)—Charles R. Hon of Ottawa, 42-year-old, was arrested last night on two charges of accepting bribes and violating his duties as a civil servant.

He was released on posting bail of \$200 cash and will appear in city police court today.

Police said Roe, a former employee of the government's Emergency Import Control Division, was alleged to have accepted bribes in one case amounting to \$300 from Toronto and Montreal firms and vegetable firms while in office.

Driver Escapes When Car Struck By Locomotive

An Edmonton mail escaped injured though his auto was badly damaged in a level crossing collision with a train Friday evening.

Unhurt was Wallace B. Match, 196 street, driver of an auto struck by a slow-moving locomotive at 96 street and 104 avenue.

Match and police he was slowly moving on 96 street, looking towards the west when the locomotive approached from the east.

Front of the engine struck the right rear of the car as the vehicle was almost across the tracks, damaging the car extensively.

Romanians Ask Recall Of Diplomats

BUCHAREST, Dec. 11.—(AP)—The Romanian government demanded the recall today of two American and two British diplomats.

They are Henry P. Leverick, consul-general of the United States; Col. John N. Lovell, American military attaché; Charles E. H. B. Smith, British secretary and William Watson, assistant British commercial attaché.

The recall was requested in notes sent by a messenger of the foreign ministry to both legations Wednesday and made public today. The legations made no comment.

Clothing, Furnishings, Services Go Higher

OTTAWA, Dec. 11.—(CP)—Cost-of-living index numbers for eight regional cities of Canada showed divergent trends between Oct. 1 and Nov. 1, due mainly to the effect of seasonal factors on food price changes, the Bureau of Statistics said yesterday.

Clothing, home furnishings and services were higher in all centres. During the same period, the home furnishings index was unchanged at 138.3.

The city indexes are calculated on a basis that living costs in August, 1938, equalled 100.

The comparison follows:

	Nov. 1, Oct. 1, Nov. 1
Halifax	138.1
Saint John	141.4
Toronto	141.5
Winnipeg	138.2
Saskatoon	138.3
Edmonton	138.7
Vancouver	142.1
Dominion	142.5

The city indexes show changes in living costs for each city and compare the extent of rise as between cities. They do not, however, compare actual levels of living costs.

A third unidentified customer, in the store at the time was unharmed. He disappeared shortly after the explosion and it is believed that he was also badly burned about the face and arms in the blast.

David Cowan had just left the store after bringing a lunch to his mother. The child was hurt about the face and arms in the blast, but he was not seriously injured.

MASS OF FLAME

In less than a minute after the blast the store was a mass of flame and smoke. A one-story frame structure was involved in about 100,000,000 cubic feet of gas.

Streams of water were played on the burning structure, and the building crumbled in a mass of rubble and twisted metal.

Sticks of goods were still burning in the rubble. A fire engine arrived shortly after the explosion and helped to clear the debris.

The store business was purchased by Mrs. Cowan in 1946. Athabasca is approximately 10 miles due north of Edmonton.

St. Laurent Signs Historic Paper

(Continued from Page 1) troubled world beyond the seas and said the union will bring greater security to both Canada and Newfoundland, two countries that had fought together in two world wars.

Mr. Walsh said the union will involve changes of "great importance" for Newfoundland in the future. The signing was one of "great historic significance."

As though by happy coincidence a Royal salute to the King—marked the 12th anniversary of his accession to the throne—brought a battery of guns near the Parliament building as the union document was signed.

The terms, made public simultaneously with their signing, provided for an increase of more than \$20,000,000 in Federal financial payments to the island above those offered in original terms last year.

They add \$15,000,000 to the \$26,000,000 originally offered as a transitional grant. In addition, it is estimated that payment of re-establishment credits to Newfoundlanders, whether they served in the Canadian or the British forces, will cost \$2,000,000.

Recoverable amounts payable to Newfoundland will come to about \$3,000,000.

The new provincial legislature must meet within four months after the date of formal union. Within that interim period, a lieutenant-governor will be appointed and he will choose an executive council to help him administer the new province until the legislature is elected.

Newfoundland, including the county of Labrador, will have seven members in the Commons and six in the Senate. While the date has been set for these elections, they must be held within six months after the vacancies have been called to the attention of the speaker of the Commons.

The voting age for women is reduced from 25 to 21 years.

Once union is accomplished, Canada will take up with the United States government the question of the operation of the three American bases in Newfoundland. They likely will continue under U.S. operation.

Gas Prospects Here Greater Than Oil

Geologist Sets Reserve At 50 Trillion Cubic Feet

CALGARY, Dec. 11.—(CP)—Proven natural gas reserves in Alberta can be "reasonably expected" to reach 10,000,000,000 cubic feet within the next five years.

Testimony before the Alberta Natural Gas Commission inquiring into potential gas reserves, Dr. Link also said it was "reasonable to expect" ultimate reserves of 30,000,000,000 cubic feet in Alberta.

He appeared on behalf of the Northwest Natural Gas Company of New York, which seeks to export Alberta gas to British Columbia and the northwest United States.

The commission ended its five-day Calgary sittings yesterday and will resume hearings at Edmonton Jan. 4.

Dr. Link said that oil and gas were closely associated in Alberta. He said there had been no search for gas solely, he was confident that the known reserves of gas would reach 10,000,000,000 cubic feet within five years. His figure of 30,000,000,000 as the ultimate reserve was based on the wide spread gas formations in Alberta and the experience and data.

He humorously referred to his quest as "a plan for crystal gazing." Dr. A. B. Brooks, New York geologist, and a director of Northwest Natural Gas Co. said that the prospect of finding gas in Alberta was greater than that of finding crude oil, judging from past experience in Alberta fields.

He gave a brief on potential and prospective gas reserves in Alberta and dealt with areas not covered by previous reports, although he made no estimate of the reserves in cubic feet. He said the discovery of new reserves "more than offset withdrawals by consumption, loss or wastage."

MANY INCREASES

He said: "It is almost certain that the proven reserves will be increased many times the present estimates, repeating the experience that has followed development in other large potential gas areas. Experience shows that gas is in most always found in oil fields and many places gas is more widely distributed and more frequently found than oil."

Macdonald Hotel Extension Okayed

(Continued from Page 1) sion through the Commons, no his support was essential.

Significant, too, for the success of Mr. Macdonald's work, was the backing of Mr. Howe who has become Prime Minister St. Laurent's "man Friday" and the real power behind the cabinet.

The Bulletin source, the senior executive in the east block who had read the file on the hotel extension before the cabinet, said it would be "some months" before the first nod could be turned in Edmonton.

"There seems to be a great deal of preliminary work still to be done by the Department of Transport and the Canadian National Railway," he said, "and then, it does not seem probable that there should be no difficulty there since the proposition will have the support of the government when it goes before both Commons and Senate as part of the CNR budget."

Parliament is expected to open in the third week of January. The debate on the Transport Bill should take no more than two weeks so that any time after the first 14 days following the opening of the House Transport Minister Chevrette could bring down his CNR budget, after its examination by the Commons Railway committee.

Once the railway program for the new fiscal year has been cleared by Parliament, actual construction work could be started on the Macdonald extension.

TODAY'S MESSAGE

Man's Choice

St. Augustine once said, "God created us without our co-operation, but He will not save us without our co-operation." Man's origin is divine, but he will not reach his ultimate consummation until he learns to rise far enough above his humanity to stand with God.

If we need this truth put in simpler terms, we may think of God as a faithful, good parent. When a parent has raised his children to maturity, their future depends on them alone. The parent has given them the equipment needed for life. How they use that equipment is the children's responsibility. In the theological sense, grace—which God always gives in generous measure—is man's equipment for life.

Each individual must stand alone in life. He will serve high or base ideals, not by some compulsive instinct, but by his own deliberate act. He will cooperate with God, or he will reject God. In the one case, he will attain the salvation promised to all who follow the way of virtue. In the other, he will forfeit the right to happiness, perhaps in this life, certainly in the next.

Because the choice before us is so clear-cut, we should pause occasionally to discover exactly where we stand on the spiritual plane. Are we drifting, or walking downhill? Are we overly preoccupied with material things? Has our faith grown tepid? Have we fallen into bad habits? Worse than all—have we begun to lose the sense of sin?

Man's greatest temptation is to cling to his human nature rather than to make full use of his God-given faculties for the cultivation of his spiritual self. The materialist expresses his fundamental reason for existence in the "joy of living," an alluring, but decadent, catch phrase. To exhibit human nature is ultimately to degrade both man's human and supernatural nature. The true reason for existence—and the way of co-operation with God—is to live for the glory of the Creator, and for the joy of sharing in the kingdom of His elect.

Ban On Imports May Be Lifted

OTTAWA, Dec. 11.—(CP)—Pl. Minister Abbott will take under consideration Monday morning a bill to ease import restrictions on United States goods. It was learned last night.

A source said a list of commodities to be considered by the minister has been prepared. Most of these commodities, said the source, now are on the prohibited list and may be placed under quota.

The list—if approved by Mr. Abbott—likely will be submitted to cabinet next week and may be brought into force Jan. 1, 1949, the source said.

Missionary Service Set

Special missionary services will be held in Metropolitan Church Sunday, 11 a.m. The minister will preach and a special offering will be taken to complete the missionary allocation and to provide an extra cost of living bonus for retired ministers in the coming year.

White gifts will be held with all departments of the church school taking part. White gifts will be received in the form of money for the Sunday school missionary budget. The junior choir of 40 members will provide the music. The service will be provided by the YPU singing Christmas carols. Members of the CGU will assist the evening service.

REV. HAROLD ALLOCK, pastor of the Apostolic Lighthouse who announced Saturday that the Havin' Party of North Battleford, Sask., will hold three meetings at the Lighthouse on Sunday, 11:15 a.m., 3:30 p.m. and 7:30 p.m.

100 Poisoned At Newspaper's Christmas Party

VANCOUVER, Dec. 11.—(CP)—Salmonella, a strange malady first detected here in 1946, last night was believed responsible for the poisoning of more than 100 employees of the Vancouver Sun strikers at their Christmas banquet.

Dr. S. Murray, city medical officer, said he is directing a thorough investigation. He said some of the patients are "quite ill" but none are in serious condition.

The employees failed to report for work Thursday and yesterday following their banquet in 1946. Dr. Murray said the banquet menu included a ham, turkey, chicken, and other meats. It would be difficult to trace the source of the infection.

Dr. S. Kitching, former city epidemiologist, named the disease in 1946 when he described it as a new and more harmful form of salmonella poisoning. During that year 122 cases were under treatment and seven deaths were directly attributed to it.

57th Birthday

OTTAWA, Dec. 11.—(CP)—Vice-Minister Alexander, Governor-in-Council, yesterday celebrated his 57th birthday quietly at home. He will be celebrating it as a new and more harmful form of salmonella poisoning. During that year 122 cases were under treatment and seven deaths were directly attributed to it.

Dr. J. M. Kitching, former city epidemiologist, named the disease in 1946 when he described it as a new and more harmful form of salmonella poisoning. During that year 122 cases were under treatment and seven deaths were directly attributed to it.

Week Of Prayer Preparation Set

In local preparation for the international week of prayer which will be observed by Christian churches throughout the world in the first week of 1949, J. M. Kitching will speak on Sunday morning at 10:30 a.m. on the topic "The World's Prayer Week." The text will be "God forbid that we should be separated from His love in prayer for you." (1 Samuel 12:21)

Pastor McVey's slogan during the entire period of special observance on the theme of prayer will be "A family altar in every Christian home." Daily "quiet time" of Bible reading and private prayer in every Christian life—this week and every week.

Primate Doubts Success Of Plan

MONTREAL, Canada.—Most Rev. George F. Kingston, Anglican Archbishop of Nova Scotia and Primate of All Canada, declared on his arrival for his first official visit that he doubted if plans for a "mutually acceptable ministry" with the United Church of Canada will "prove fruitful as a basis for the 'Theological Church of Canada' and the Church of England in Canada have been carrying on 'conversational' talks for toward now for over two years. They

"This does not mean," Archbishop Kingston said, "that we will cease conversations. They will go on and I trust that through mutual understanding we will arrive at a basis of reunion."

He said that the question of the ministry was "the largest and fundamental difference" to be settled before the two Churches come together, but that if the conversation

Schriner and Hill In Cold-Time Form

NHL Veterans Pace Caps
To 6-5 Win Over Stamps

REGINA, Dec. 11.—(CP)—Scoring half their goals while their opponents were short-handed, Regina Capitals edged Calgary Stampeders 6-5 here Friday night to maintain a comfortable lead atop the Western Canada Hockey league standings.

Two former Toronto Maple Leaf stars, Seymour Schriner and Mel Hill, led the Regina attack. Schriner got two goals and one assist while his line-mate clicked for one counter and two assists. Other Regina marksmen were Al McDougall, Toby Brown and Ted Tilton. Butch McDougall got two Stampeders goals while Don Colley, Emory and Dunc Grant got the others.

RAPID-FIRE GOALS
A crowd of 3,200 saw the two teams put on a terrific goal-scoring performance in the second period when each scored four goals by the 24 mark.

Capitals carried the play at the beginning of the game and their efforts paid off midway in the first session when McDougall scored a brace-off pass from Tilton and waited in on the Calgary nets to beat Russ Dettli. Stamps got a brace-off pass from Tilton when Grant fed a slap shot into the blonde center's net. The blonde center worked in close to flip the puck over the prostrate Ben Bentley. Second period was dominated by minutes while Stampeders sharpened their skates. McDougall then scored in on his sharpened blades to beat Bentley easily at the 1:30 mark.

COSTLY PENALTY
A costly penalty to Stamps' defenseman Denny Hudleston paved the way for the first goal of the game which came off 18 seconds apart. The commissioner Thursday night ordered the manager of New York Giants to appear for a hearing at Chicago Dec. 14 on the reasons why Fitzsimmons, on Boston Braves reserve list, was signed by the Giants as coach without the Braves being asked for his release. It was learned that Fitzsimmons, who only a year ago ended a season-long exile imposed on him by the commissioner, "condemned detrimental to baseball" may face a fine or suspension.

Fitzsimmons also will have to answer. Dettli's move convinced Chandler there was no "rampaging" with the former Giant pitcher when he switched. Chandler said it was not a simple matter "that can be passed off lightly. Evidence has been presented to me that the New York ball club intended to use Fitzsimmons even before the 1948 season."

"If such is the case, that constitutes an outright breach of baseball law, and I would not be doing my job if I were to overlook the matter."

English Racetrace Vancouver Bound
MONCTON, N.B., Dec. 11.—(CP)—Owned by the Princess Royal, sister of King George VI, a race horse named *Bravely* arrived here Friday night en route to a new stable at Vancouver.

Jockey Terrence Sullivan, who jumped the horse across the Atlantic to Saint John, N.B., aboard the freighter *Neptunian*, said that *Bravely* was going by the name "Capt. D. H. Coghlan in Vancouver."

Search for First Sacker
Hot as Minor Confab Ends

MINNEAPOLIS, MINN., Dec. 11.—(AP)—Bar muffs and first basemen were in great demand Friday as baseball men closed the minor league convention in this city (see below) early and mused "what's to Chicago for next week's major league meetings."

Eight of the 16 big league teams continued their search for a first baseman, the scarcest item on the market. Everywhere has the money and all are willing to go high. One owner gaily summed up the trading situation. "They'd give you a cup of water for two points of blood any day," one trader said. Apparently he had just finished

a talk with Branch Rickey, the Brooklyn Dodger president, is Mickey Vernon of Washington is high on the list of desirable first basemen. Despite a poor 242 season in 1948, he would fit nicely into the picture at Yankee Stadium in New York. There is a strong suspicion that Vernon will wind up with the Yankees, who also are interested in the Braves' Bob Dillingham and Cliff Fanning.

Cleveland, however, would be willing to give the Yanks Eddie Robinson who drove in 83 runs in a 258 average if George Weiss would loosen up with Joe Page, if the Indians trade Robinson, coach of the Browns, came up as a third baseman, would be the likely first sacker

for the tribe. He worked out there last fall.

Chicago White Sox, who disposed of Tony Lupien to the Pacific Coast league, expect to pick up a first base replacement from the Yankees. The Chicago White Sox club has five first sackers on its reserve list but none quite fit the bill.

All-Winnipeg Final Looms at Portage

PORTAGE LA PRAIRIE, MAN. Dec. 11.—(CP)—All-Winnipeg final loomed as a possibility today as Howard Wood and Jack Henry won their third straight victories and remained the only undefeated rinks in the round-robin series.

Wood took over leadership of group "A" when he downed Willie Jones-McCauley 12-10, while the previously-unbeaten Tom Johnson risk of Halifax, Man., was losing 9-4 to Carly McKay of Brandon, Man., now holding a 2-1 record.

REARDON'S CHEST CRUSHED
Larry Reardon, Saskatoon Quaker defenceman, suffered what manager Bill Hunter described as "a crushed chest" in the game against Flyers at the Arena Friday night.

A second period collision with Harvey "Pug" Young, Flyers forward, was blamed for the injury. "It's difficult to know just how badly injured Reardon is," the fiery Hunter declared after the game.

Reardon, member of the famous hockey playing family that also includes Ken of Montreal Canadiens and Terry coach of the high flying Flyers, Redds, did not make an appearance on the ice during the third period.

rest of the way, well protected by third man Jimmy Dwyer's guard of force, and the Winnipeg rink scored four touchdowns and a three point to leave little doubt as to the outcome.

Frank Wolfe, Edmonton, was eliminated in the consolation event by Bert Lipley, Flanagan, Man. 13-10 in 23 mins.

9 A.M. DRAW—SATURDAY
Group A: Johnson-Polli, Orr-Wood, Lewis-McKay.

Group B: Hounley, Kleffman, Halajski-Taylor, Gillespie-Henry.

Goldcup Returns To Amateur Ranks
SHAWINIGAN FALLS, QUE. Dec. 11.—(CP)—Hank Goldcup, veteran left winger who saw service with Toronto Maple Leafs and National league, has been reinstated as an amateur and will line up with Shawinigan Falls Cataracts when they meet the Olympics in Quebec Senior Hockey league game in Boston Sunday night.

Goldcup played with Cleveland Harbors of the American loop last season.

Munro Ejected As Lions Triumph

LATHBRIDGE, A.C. Dec. 11.—(CP)—The talented left winger, Lathbridge, was ejected from the game against the Lions Friday night after hitting Lathbridge.

Maple Leafs 5-3 in a rugged Western Canada Junior league game.

Centre Mario Scordisio paced the attack with a brace of goals, while Frank Wolfe, Edmonton, tallied one and set up two others. Bill Schewitz and Vern Paschal counted the rest.

Lathbridge markers were Bill Schewitz, with two, and Tony Smith with a singleton.

Goody South Motors of Bellevue was ejected from the Lions' play bench mid-way through the first period, for arguing with the officials.

Brown Bomber Still Master of Billy Conn

CHICAGO, Dec. 11.—(AP)—Dead-pan Joe Louis Friday night administered a neat, but none-too-impressive, boxing lesson to the Pittsburgh's Billy Conn in their six-round encounter here.

Before a disappointing gathering of 6,517 fans, who paid a net of \$23,000 for the bout, the two world's heavyweight champions, received a 10-1 newspaper decision over the one-connection fight.

One of the eight bouts called for the one-connection fight, while another favored Conn, while another was for a draw.

Conn, who had a good loss last night, but he was not as good as he was in the first round, jacking and hooking effectively with Louis, scored a win with a quizzical look on his face. He did not know whether to bob or back up. Conn did all the leading, while Louis was content to follow a couple of left hands that were short.

The 35-year-old Louis did not get warmed up until the third round when he opened up with a spirited left attack in the first round, jacking and hooking effectively with Louis, scored a win with a quizzical look on his face. He did not know whether to bob or back up. Conn did all the leading, while Louis was content to follow a couple of left hands that were short.

Trailing 2-1 at the end of the first period, Tiers, called to the count with the only goal of the middle session. Smith scored the winning goal at the nine minute mark of the final period.

At spring shots Pringle and Kreller cleared him for a goal space in the dying minutes.

Kreller played his best game on level ice since the 1946-47 season. He was the number one star on either club. Not far behind were Pringle and Livingston, the latter easily top dog for the invaders.

Minors Unshaken By Farm Club Cuts

Trautman Calls Baseball Slashes "Healthy Trend"

MINNEAPOLIS, Dec. 11.—(BUP)—President George M. Trautman of the minor leagues said Friday there is no cause for concern because parent major league baseball teams are dropping farm clubs, and that in many respects it is a "healthy trend."

Trautman said that when he learned the majors had decided to make 76 cancellations of working agreements and farm clubs in the minors, he sent letters immediately to each of the 76 club owners.

NO HYSTERIA

"I wish you could have seen the ripples I got from these owners," he said. "There was not the least bit of hysteria in fact, most of them seemed to think they were to be better off."

Trautman, discussing various problems of minor league operations as the National Association of Professional Baseball Leagues, wound up its business convention here today, said that "this will bring into the picture more independent operation of new baseball executive talent."

"We won't lose a single league on account of it," he said. "And we expect to be operating with three new ones by next season, bringing our already record high number to 67."

The steep drop of the minors said that the independent owner picture probably will boost attendance in some areas. "It is difficult to stimulate civic response among fans to something they do not feel is theirs," he said. "And as far as the major leagues are concerned, some very large parent club last season because of the loss of their farm clubs."

They didn't have the talent to stock their minor league clubs with players who were "hot."

COSTS ARE PROBLEM

He said the increased cost of operations now constitute the number one problem for the minor leagues.

"I don't know how long they will be able to absorb these increasing costs," he said. "Up until now, increased attendance has saved our lives. And except for a few few instances we have not had to raise admission prices. That will be a last resort because we don't want the fans to have to dig down any deeper to see ball games."

"But when costs absorb the park capacity it is an alarming thing. No club can expect to play to full houses at all times, yet some of them will just have to do it to stay out of the red."

The only president of the United States to remain a bachelor throughout his term was James Buchanan, 1793-1868.

ANDY NIEDERREITER QUITS T OF C JOB

NEW YORK, Dec. 11.—Andy Niederreiter, promoter for the Tournament of Champions since its organization, Friday resigned because of what he termed "lack of co-operation and courtesy" on the part of George Kietz, president.

Niederreiter has promoted such fights as Tony Zale-Marcel Cerdan brawl in Jersey City when the Frenchman from Morocco walked off with Zale's middleweight title. He also lined up the now-postponed battle between Sugar Ray Robinson and Steve Belois.

Annoyed Tacomans In Golfing Dodge

TACOMA, Wash., Dec. 11.—(AP)—The Tacoma (Wash.) Athletic commission, which didn't show much profit on a \$125,000 open golf tournament this winter, has a new proposal to alter the Professional Golfers Association.

The Tacoma were somewhat annoyed when neither Ben Hogan nor Lloyd Mangrum appeared. So their idea is to start the purse at \$5,000, add \$2,000 if the United States Open championship, another \$2,000 for the PGA championship, the same amount for the Masters and \$1,500 for the leading money-winner.

The PGA now has a \$10,000 minimum and wants to boost it to \$15,000. In addition it demands \$20 for a "club" before each tournament plus institutional fees and "appearance money" for the stars. "Somehow we think the Tacoma have got a warm reception. When Joe Louis' automotive school opened in Chicago the other day, the first car that was given to the students belonged to a student, thus becoming the first guy to be a college president and an undergraduate at the same time."

Maybe Joe recalled that one of his school teachers in Detroit once wrote on his report card: I recommend that this boy be sent to a trade school. He will make a living with his hands."

Eisenhower Goes On Russian Visit

Jap Surrender News Failed To Thrill Reds

This is a condensed contribution of Donald D. Runyon's "Eisenhower in Russia." It contains highlights of the last news issued by the Associated Press. Copyrighted by Donald D. Runyon.

CHAPTER XXIX

The United States and Russia emerged from the war the two most powerful nations of the globe. This fact affected every detail of American official routine in postwar Germany, for any prolonged struggle between the two powers would hopelessly complicate our local problems and might even nullify our costly victory. But there were involved far more than efficiency in German administration or political control.

In the past relations of America and Russia there was no cause to view a limited accommodation. The future with postwar Russia was not an unknown quantity. Historically, the United States and Russia had been enemies. The United States had been an enemy of Russia. The United States had been an enemy of Russia. The United States had been an enemy of Russia.

It was not until the Russian Revolution that the United States and Russia became friends. The United States and Russia became friends. The United States and Russia became friends. The United States and Russia became friends. The United States and Russia became friends.

SKI ENTHUSIAST LOVES WINTER TIME FUN

SKI ENTHUSIAST Mrs. Ted Bishop waits patiently for that first heavy fall of snow that'll bring the skiers out in full regalia. Skiing is a sport that has gained a sweeping popularity in Edmonton in the past few years. Members of the various ski clubs flock to the hillsides for expert instruction and a barrel of fun.

WINTRY SCENE APPRECIATED MOST FROM FIRESIDE

LOTS OF US like our winters best from the vantage point of a cozy, warm fireside. A good book, a ray, red apple and a comfy chair by the fire is sport enough for

those of us not particularly partial to chill blains. Mrs. David Lindert likes skating and skiing but is just as enthusiastic about staying in doors when the temperature slides "way down."

SWOOSH! AND AWAY THE ROCK GOES

WINTRY AFTERNOONS are whiled away quite easily by women who have adopted curling as their favorite winter pastime. Mrs. J. W. Adair, proud possessor of many

a competition trophy, thinks there's nothing as much fun as a good, solid curling game. It's wonderful exercise too at that, a trim housewife can tell you.

Winter Means Fun For Skiers

It takes a while before the bitter sting of Jack Frost is immunized by the fun of winter sport.

But sooner or later everyone stops complaining about the cold and begins to enthuse about skating, skiing, curling, sleighing, and generally having a barrel of fun and games frolicking in the winter snow.

The frosty air is invigorating, if nothing else, and most of us fairly bubble with energy throughout the entire winter.

Local communities are busy with plans for their enterprising efforts... Community ice carnivals.

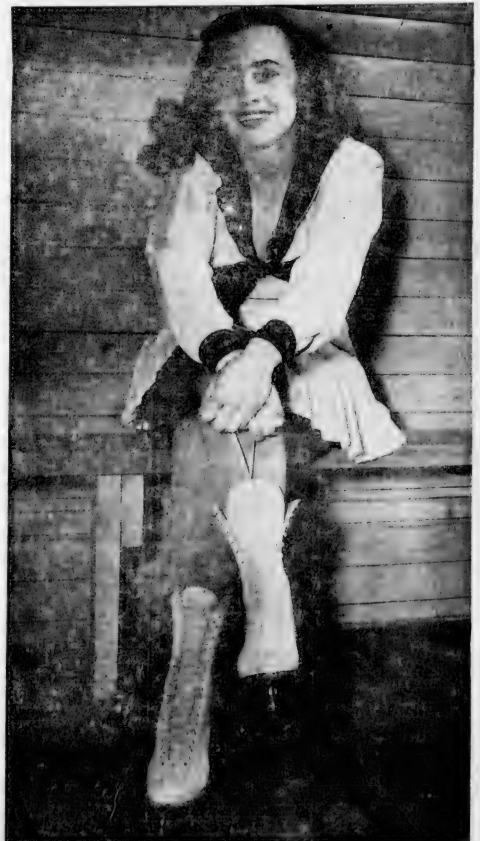

Glenora Skating Club members are busy perfecting production plans for their annual excellent showing. Costume designers are wielding the needles already in preparation for the February event.

First fall of heavy snow will bring ski enthusiasts in swarms. Clubs, the Eskimo, The Edmonton, The Arctic, The Snow-Birds and others have winter activity programs ready and waiting and promise wonderful fun for old and new members.

There are, of course, several phases of winter that would bear improvement... such as the transportation tie-ups every morning, the need for wearing heavy wool stockings, fur-lined boots, mufflers, ear-muffs and wool kerchiefs on the head.

Sometimes this doesn't add to the right side of winter's ledger.

But never mind... we have to have winter to have a White Christmas.

PRETTY SKATER IN PRETTY COSTUME

FANCY SKATING is an art that requires hours and hours of practice with talent thrown in. Mrs. Richard Soley has the talent and has contributed the time toward becoming an accomplished figure skater. Mrs. Soley instructs children and teenagers in the intricacies of figure skating at various city events. She even has a class in the town of Wetaskiwin. So pretty Mrs. Soley says winter is her favorite season.

Rose Hunka Chooses White Wedding Gown

McDonald United Church, was the scene of a late afternoon wedding recently when Miss Rose Hunka became the bride of Mr. Alfred J. Jensen.

The bride is the daughter of Mr. William Hunka, and the late Mr. Hunka and the bridegroom is the son of Mr. and Mrs. J. Jensen, of Princeton, Minn.

Miss Hunka, who is a graduate of the University of Minnesota, was given by her mother, Mrs. Hunka.

After her wedding she chose a white gown of 20 yards of tulle with a matching lace headpiece.

ST. MARY'S

The Girls Union of St. Mary's is going to hold an "Orphan" party for the boys at St. Mary's Home in North Edmonton. The party will be a straight ride and then the kids will go back to St. Alphonsus school for refreshments and a Santa Claus party. There will be a gift for every boy.

The girls are also having a caroling party. They will be singing for gifts for each part of the city. After caroling they will go back to St. Mary's for refreshments and dancing.

Work on the Year Book has started, with John McPherson from St. John's and Catherine Helme of St. Mary's in charge.

WESTGLEN
Westglen will not be holding a Christmas dance, but there is to be a Christmas "Tall" on Dec. 23 in the afternoon.

Westglen's basketball team will be best to lead their games on December 18 in the gym. In the home and away exhibition series.

The social studies classes have raised money to make up parcels of food to be sent to London, Ont. They made up Christmas hampers for poor families in the city.

VICTORIA HIGH
"Holly Hop," a "hard-time" dance, is to be held on December 18 and there is to be a prize given for the best "hard-time" costume.

Victoria's orchestra will be in attendance and there will be some "hard-time" dancing. You, kids, are invited and should wear your best.

After you have finished your work at the club, the first of it kind at the club.

The Vic Year Book is to be an enlarged last edition of the school paper. Sonia Thadueck is editor.

WHAT A TASK, what an ordeal but finally a winner was chosen. Can't you just see the perspiration trickling down their foreheads as they under the acorn aloft in the Council of Edmon-Teens. Each judge, from H. P. Zazkerley, vice-president of the YMCA, G. McClary, president of the Young Y's Men, Walter Jones, Hudson's Bay Company, to Ad. Richard Hanna and H. L. Weir, Edmon-Teen Bulletin, stated it was a difficult undertaking.

Teen Council Is Elected To Hold Office For Year

By Audrey Phillips

The Council of Edmon-Teens is a governing group of Teen-agers, elected by the "kids" themselves throughout the city, to remain in office for one year and to run the affairs of Teen Club to the best of their ability.

On this council, there are nine representatives with their own duties to perform, and to help each other as best they can. They are governed by a Constitution, drawn up for their benefit.

The members of the present Teen Council are as follows:

President: (John Wagner) who presides at the meetings and sees to it that the council's duties are carried out.

Vice-President: (John Wagner) who takes the president's place when he is absent, and helps the other members with their duties.

Secretary: (Laurie Strabel) who handles the minutes of the meetings and the correspondence of the club.

Treasurer: (Audrey Phillips) who is in charge of the club's funds and sees to it that the club's accounts are kept up to date.

Membership: (John Wagner) who handles the admission of new members and the selling of the membership cards.

House Committee: Under this committee are the committees for checking and the selling of refreshments. All these things are carried out by the Teen Council.

Program: Tom Wilson is in charge. He takes care of the recreational activities and is a master of ceremonies at the Teen dances.

Public Relations: (John Wagner) who handles the club's public relations and is in charge of the club's publicity.

Edmon-Teen Echo: (John Wagner) who handles the club's newsletter and is in charge of the club's publicity.

Teens Take Over Bulletin Office To Prepare News

Behind the scenes of many has been undertaken there is a certain amount of hard work, without counting the hours of the staff of the Bulletin Office.

A physical example of this is the Bulletin editorial room. It is now right to see nothing of the normal office. What we mean by this is that this great newspaper has donated its offices, professional men, time and advice to the staff of the Bulletin.

Amid the hammering telephones, ringing phones, the opening and closing of doors, our meeting-rooms are purely a business matter on Monday nights as fifteen staff writers submit material, submit to the approval of the editor. This is the staff of the Bulletin.

Just then Helen Phillips rushes up with a new idea on how to win them and their off to the Bulletin Office.

Quickly noting the fact that no sports should be submitted because "The" Dwyer, who usually is sitting with his feet on someone's desk, covers that topic exclusively.

Over in the corner, Bill Clinton, a tall, lean streak of masculine humanity would be telling the Bulletin the latest one about the "Holly Hop" and the girls.

Listen, please—here's an ear. And the latest gossip you will hear.

Here's that's all the poetry I can write. (No comments from the presentable girl.)

What's for going this time? Last Saturday's eventful dance is of course. There were so many in attendance that something had to be overlooked.

A group of boys were seen standing around the gym patiently waiting. They were the 10 men to the beauty queens. Worth waiting for, what they say!

It was certainly nice to see Ralph Walcott, former Young People's secretary of the Y.M.C.A., at the Teen Council meeting. Miss Edmon-Teen, Well done Ralph.

Y'S MEN TO 'FATHER' EDMON-TEEN GROUPS

By W. E. Korte

Drifters, would-be-he-men, trouble-makers, take note: Teens have a new lease on life since an organization of businessmen took over control of our affairs.

The Y's Men, headed by President George McClary, are going all out to see that Teen-agers act and do as good young men and women should. In an interview with McClary over the phone, he stated that his club's intentions should not be publicized as yet. This does not mean that they are "secret people" trying to catch us unaware—but they have taken themselves to help, with expert advice all branches of youth in the City of Edmonton.

These men can qualify for any emergency which could arise during a Teen-Session no matter what the origin. It is believed a new outlook for the graduates on all Teen Groups in this city under the guidance of the Y's Men.

HAPPY GIFT HUNTING

Courtesy Is Important
Both Sides of Counter

Happy gift hunting calls for courtesy on both sides of the Christmas shopping counter. And if you do part-time sales work, you will be under pressure in two roles, as a customer and a salesperson.

It is a tragic time of year to be in either position. The holiday rush may be over, but the pressure is still on. There are time-tested rules for both sides of the counter.

May on the alert, ready to present service. To continue to give the impression of readiness or indifference. If you must delay service on the person in waiting, you will be the first to start another angry customer.

Edmonton Bulletin Ottawa Bureau

OTTAWA, Dec. 11.—Prime Minister St. Laurent has gone back to school, taking lessons in radio broadcasting.

His teacher is Rene Beaudin, who was a radio newscaster before he became Liberal MP for Val-d'Espoir, Quebec.

Mr. Beaudin listens to the Prime Minister's rehearsal of the speech before a "dead" microphone, then gives him pointers on emphasis and timing.

The Prime Minister's teacher is not perfect as his French, but not too familiar with radio, his delivery becomes mechanical when he faces a microphone.

NICE CHANGE OF PACE

With the coaching of Teacher Beaudin, report radio men, Student St. Laurent is beginning to pick up a nice professional change of pace and expression, and should be a master of the microphone in the time next summer's Dominion general election rolls around.

But radio speaker at the House of Commons, believe the professional broadcasters of CCF leader M. J. Colwell. He has a good voice and a "natural" microphone manner.

Easiest man at the "mike" is Health Minister Martin.

He frequently shows up at the radio station with an script, only a handful of fragments, and then composes his speech in the process of making it.

The campaign in Carleton between Progressive Conservative Leader George Drew and Eugene Forster of the CCF has been getting a little rough.

Trickery by telephone was used Saturday to kill a Conservative success—the Progressive Conservative rally at North Gower where Mrs. Drew was one of the speakers.

ELECTORS FROTHED

The season's worst froth blanketed the roads thickly leading to North Gower, and during the late afternoon many district electors were warned and told the meeting had been cancelled because of the heavy weather.

As a result of both the thick weather and the phone calls, the hall was little better than full for the rally.

At Burrill's Rapids, Mr. Drew, the last speaker of the afternoon rally, was still at the microphone when two men entered the hall and began taking up CCF posters.

Through the mails to many of the electors of Carleton this week, came a 12-page piece of "campaign literature" loaded with criminal libel and obscenity.

Progressive Conservative Leader Drew in this circular was described as an associate of "blackmailers, robbers, thieves, murderers, child molesters, corruptors of children, despots of women and worse."

MAILED FROM TORONTO

The 12-page document was mailed from Toronto as a "message" to the voters of Carleton, but was unsigned.

It seemed that the election of George Drew would result in a "survival of the fittest" in public life, and urged, in black capitals, the electors of Carleton to "Vote CCF."

The CCF party promptly repudiated it.

The Socialists had nothing to do with its publication or distribution, and feared it would have a savage reaction.

Since it came through the mails and could be classified as obscene as well as criminally libelous, both the Ontario Attorney-General's department and the Dominion Department of Justice were taking an interest.

T. A. "Sandy" Dyke, special counsel for the government's Royal Commission on Prices, has been publicly named as the Liberal candidate to succeed Minster MacKinnon in West Edmonton.

In his Carleton campaign speeches, J. Nelson MacKinnon, the Social Credit candidate, refers to Mr. Dyke as stepping into the MacKinnon shoes.

Mr. MacKinnon has been absent from the campaign since he was elected to the House of Commons.

Mr. Dyke is a well-known figure in the Carleton campaign, and has been active in the campaign since he was elected to the House of Commons.

Nova Scotia School Kiddies Prove To Be Poor Readers

HALIFAX, Dec. 11.—(CP)—Nova Scotia school teachers say pulp magazines and comic books are helping undermine the reading ability of the province's 122,000 school children but the teachers themselves take part of the blame.

The survey of 8,187 pupils in grades four to six by the research committee of the Nova Scotia Teachers' Union shows the province's school children far below American standards in comparable grades in reading ability.

The report says that failure to complete the required fundamental reading ability with speed and high level of understanding was likely the main reason why the average Nova Scotia child is a poor reader compared with his American counterpart.

Stressing the necessity of pupils reading more general literature, the report quotes a recognized educationalist on the detrimental value of reading little but "pulp and funnies." This reading diet is enough to cause low scores on reading tests.

A POINT PLAN

The 13-man survey committee of the union, representing 2,000 of the province's 3,600 teachers, recommended a four-point program to the provincial education department, stressing that alien reading is suggested to be taught extensively to the department's 1935 "Handbook to the Course of Study."

One of the committee's proposals was that of equipment possibly hand-picked and limits teachers to the use of equipment. The committee also recommended that alien reading be taught extensively to the department's 1935 "Handbook to the Course of Study."

Butter Stocks Still Dropping

OTTAWA, Dec. 11.—(CP)—Creamery butter stocks still are down from last year.

The bureau of statistics reported today that holdings at Dec. 1 totalled 48,750,000 pounds against 53,910,000 at Nov. 1 and 55,200,000 at Dec. 1 last year. This year's total included 2,245,000 pounds of imported butter.

Stocks of cheese amounted to 37,400,000 pounds, compared with 42,200,000 at Nov. 1 and 37,877,000 at Dec. 1 last year.

Holders of shell eggs amounted to 1,880,000 dozen against 1,270,000 at Nov. 1 and 1,270,000 at Dec. 1 last year. Frozen eggstock totalled 600,000 pounds compared with 974,000 and 1,194,000 at Nov. 1 and Dec. 1 last year.

Stocks of milk were down to 18,910,000 pounds from 20,982,000 on Dec. 1 last year.

PRESIDENT TRUMAN ROYAL GODFATHER?

LONDON, Dec. 11.—(CP)—The possibility that President Truman may be invited to be godfather to the young Prince of Edinburgh was not discounted yesterday in Royal Family circles though generally treated skeptically.

Buckingham Palace officials said they could not confirm the rumor—which has been current here and in the United States. They said there was nothing to prevent it if the child's parents wished.

The undersigned will receive up to the close of office, December 17th, 1948, offers to purchase a Petroleum and Natural Gas Lease for each of the following parcels of land in Township 35, Range 22, West of the 4th Meridian, namely:

Parcel 14—North East quarter of Section 24—100 acres.
Parcel 15—South West quarter of Section 24—100 acres.
Parcel 16—South West quarter of Section 24—100 acres.

The offer in each case must be accompanied by the full amount of the purchase price together with the rental at the rate of \$1.00 an acre for the first year, and the lease fee of \$10.00.

The purchase price, rental and fee must be in the form of cash, bank draft, marked cheque or a certified bank transfer voucher payable to the Provincial Treasurer.

The offer should be mailed to the undersigned or may be handed to the Superintendent of Mining Lands, Room 403, Administration Building, Edmonton.

The Department reserves the right to reject any or all offers received and to refund to the person making the offer the money received from him.

To avoid any misunderstanding it is stated that the lease, if issued, will be subject to the royalty that may from time to time be fixed by the Lieutenant Governor in Council pursuant to Section 30 of the Petroleum and Natural Gas Regulations and any offer to receive consideration must be on a strictly cash purchase basis.

The person making an offer accepted by the Department will be given a stated time within which to make formal application.

J. Harvie
Deputy Minister of Lands and Mines.
